Therapists Favourite Wax!

2022 is a milestone in our history and for our customers.

This year marks **50 years** since the launch of our first strip wax in 1972. But more than that, it was the first time my father, Raúl Vidal, heard a professional say: **"DEPILÈVE is my favourite brand"**.

Back then, there were only three people in the company, and we were unaware of the importance wax would have in our lives and in the lives of our customers. We were the first brand to manufacture strip wax, and although at that time no one knew anything about it, it has become

The world's most popular hair-removal waxing method

DEPILÈVE
50
ANNIVERSARY

Who could have known that five decades later, the comment 'DEPILÈVE is my favourite brand' would be repeated in over **100 languages** in more than **120 countries** worldwide? Who could have known that this casual remark would make us obsessed with creating the best product for the end-consumer, but also **becoming the favourite brand of beauty therapists?**

Today, we're proud to have achieved this, and to be the only brand that has seen beauty therapists start their career with our product and retire with it half a century later, proudly saying: **"this is my favourite brand"**.

Thank you from the bottom of our hearts for sharing these 50 years with Depilève.

Today, I'm proud to say beauty therapists are, without doubt, my favourite customers.

¡HERE'S TO ANOTHER 50 YEARS TOGETHER!

2022

INTRODUCTION OF BIO BASED PLANT RESIN IN ALL DEPILÈVE FORMULATIONS TO SUPPORT ENVIRONMENTAL SUSTAINABILITY AND IMPROVING SKIN COMFORT

WHO SAID THAT A WAX COULDN'T BE TECHNOLOGICALLY ADVANCED?

...

Why Are We Still the Favourite Wax of Beauty Therapists After 50 Years?

We were the first company to manufacture strip wax, develop a film wax, create innovative pre and post-wax care products, and introduce a Cosmeceutical wax to bring the benefits of a beauty treatment to waxing.

We are always available to support our global partners and resolve any waxing treatment queries. Our specialist training team provide expert product knowledge and training for our exclusive world recognised Depilève techniques.

1

Our formulas are developed according to the wishes and needs of our professionals across all five continents.

2

We are always available to support our global partners and resolve any waxing treatment queries. Our specialist training team provide expert product knowledge and training for our exclusive world recognised **Depilève technique**.

3

Our exclusive **BIOBASED PLANT RESIN SEAL** guarantees that our waxes are safe, have excellent skin compatibility and are environmentally friendly.

“Our unique one-stop service provides everything your business needs”

Did you know..?

Three fun facts about Depilève!

1

If you drew a line north to south from Norway to South Africa, which of the following brands would you find in each country?

McDonald's
Coca-Cola
Depilève

2

Depilève is made with the finest ingredients **never tested on animals**. It also meets the highest quality standards, from ISO to GMP.

3

Depilève is a women's company - over two thirds of employees and management are female!

Go, girls!

WAXCEUTICAL[®]

WAXCEUTICAL is Depilève's latest innovative category
fourth generation (4G) wax.

By uniting science and 50 years of experience Depilève
has developed a unique and painless skin care
depilatory treatments such as DNA Revival and Soft & Bright.

These unique beauty protocols use a patented blend
of water soluble active skin care ingredients with
oil soluble bio based rosins that treat the skin
in a variety of ways during epilation.

Discover silky-smooth skin completely
free of irritation and blemishes even in the most
delicate areas with Depilève's WAXCEUTICAL ranges.

SOFT & BRIGHT

Soft & Bright is a skin lightening
epilatory treatment effective with
even the most stubborn hairs yet
practically gentle and delicate
during depilation.

NEW LAUNCH
2023

DNA

DNA Revival includes
marine DNA filaments
and a special non-
rosin color changing
formula that is ideal
for sensitive skins
since it is painless
and non-sticky when
removed.

Film Wax

FILM wax is a third generation 3G revolutionary formula using the highest quality biobased ingredients. The 3G Film wax methods combines the advantages of traditional waxing with strip waxing. This new thin wax with no strips is ideal for epilating face, intimate and sensitive areas. Film wax is thinly applied like a strip wax and simply removed when dry – no strips involved. The beauty of Film wax is that it stays pliable and is very easy to work with. (we would say magic is the description for this wax system!) Film wax is much less painful, economical and hygienic – and of course no wax strips are required-saving money. It has a low melting point and quickly dissipates heat. It is very gentle on the skin, effectively removing even the shortest hairs, making it ideal for sensitive and first-time wax clients.

a THE REMOVAL IS WITHOUT STRIPS

b THIN APPLICATION LIKE STRIP WAX

c EASY ECONOMICAL THIN APPLICATION THAT STAYS PLIABLE

d EXCELLENT FOR INTIMATE AND SENSITIVE AREAS WITH LESS HEAT

The **three reasons** why Depilève FILM wax is the favourite of...

Mayte Navarro
Barcelona, España

1 "Like most professionals, I have to admit I was quite nervous about trying a new wax but... I'm so glad I did! I'll never forget the day I had to wax Ana's bikini line. Ana has particularly sensitive skin, and unlike previous occasions, she was thrilled – it didn't even hurt! What a way to build customer loyalty".

2 "At first I was concerned the cost was a bit higher than traditional or strip waxes, but since you only need to apply a thin layer of film, at the end of the month I was amazed – not only was it easier to apply, I'd also saved money by using less!"

3 There's one particular complaint I hate to hear from my customers during waxing treatments, which is the temperature of the wax is too high, and sometimes might burn and be tricky to apply. The FILM wax is applied so thinly that the heat is hardly noticed – it disappears in seconds! It's definitely been a game changer for my clients and for me".

Intimate Film Wax

The leading signature Film Wax -Intimate- was the first 3G creation by making it low temperature, ultra-fine, quick-drying and no strips! Formulated with bio-based rosin perfectly grasps the smallest hairs for a fast, effective, and gentle epilation minimizing skin irritations. Suitable for all skin types.

Ref: VCDEIN400 / **400 ml**

Ref: VCDEIN800 / **800 ml**

Monoï of Tahiti Film Wax

Monoï of Tahiti film wax – honey texture formulated for all skin types and sensitive areas. Easily applied in very thin and flexible layers. Dries quickly minimizing the thermal sensation on the skin. It adheres perfectly to the hair and not to the skin.

Ref: VCDESM400 / **400 ml**
Ref: VCDESM800 / **800 ml**

Karité Film Wax

Special wax for very dry, rough, scaly, sensitive skin, with capillary fragility and a tendency to eczema thanks to the Shea butter that provides extra protection against excessive flaking. Comes in bead form for easy work and temperature control.

Ref: VCDESKA50 / **500 ml**
Ref: VCDESKA80 / **800 ml**

Premium Cream Film Wax

Premium Cream superior grip of the hair and its extremely easy application make this wax a classic of DEPILÈVE, making it ideal for starting epilating with film waxes. Recommended for professionals who prefer traditional texture and hygiene along with the comfort and advantages of film wax.

Ref: VCDEPC500 / **500 ml**
Ref: VCDEPC800 / **800 ml**

Gold Black Carbon Bead Film Wax

Formulated with pure beeswax and activated carbon that provides emolliency, softness and helps the absorption of impurities in the skin. Very creamy and elastic texture that facilitates its application in a thin layer. It adheres very well to the hair, respecting the skin at all times, which makes it very suitable for male epilation. Comes in bead form for easy work and temperature control.

Ref: VCDESBP01 / **1 kg**

Depil Film Gold Bead Film Wax

Formulated with pure beeswax and Titanium Dioxide that provides emolliency and softness to the skin. Dries quickly minimizing the thermal sensation on the skin. It is easily removed and adheres perfectly to hair, not skin. Comes in bead form for easy work and temperature control.

Ref: VCDESGP01 / **1 kg**

WAXING ACADEMY

Waxing Academy is the Depilève training program for professionals in the beauty industry that covers all waxing systems specifically designed for each facial and body area.

Depilève not only offers the best waxing products, but also the best training and latest techniques to offer beauty treatments that stand out from the rest.

Strip Wax

Depilève first creation was the Natural Strip wax 50 years ago. Today, epilation has reached a new level of performance and speed is the word when using strip waxes. With Depilève you can perform speed epilation without compromising the pampering of your clients! DEPILÈVE, offers a wide range of disposable strip waxes exclusively for professional use and many advantages including improved cost savings, quick melting time and excellent adherence to the hair with little residue left on the skin to ensure a comfortable wax. High quality and profitability define DEPILÈVE strip waxes.

Natural Pine Rosin Wax

Formulated with bio-based pine rosin (vegetable origin), this wax is suitable for people looking for a natural epilation that is respectful to the skin and the environment. It is extremely fluid, flexible and easy to apply with excellent grip on the hair.

Ref: VCDENA400 / **400 ml**
Ref: VCDENA800 / **800 ml**

Azulene Rosin Wax

Thanks to its creamy formula with soothing and decongestant active ingredients, this wax is indicated for sensitive and reactive skin prone to itching and erythema.

Ref: VCDEAZ400 / **400 ml**
Ref: VCDEAZ800 / **800 ml**

Karité Rosin Wax

This special creamy wax is formulated for very dry, rough, scaly, sensitive skin, with capillary fragility and a tendency to eczema thanks to the Shea butter that provides extra protection against excessive flaking.

Ref: VCDEKA800 / **800 ml**

Aloe Vera Rosin Wax

Aloe Vera with known soothing, moisturizing and regenerating properties is very refreshing and has a fluid consistency. Applied and removed with ease. Ideal for sensitive skin, hot, dry climates and summer.

Ref: VCDESW800 / **800 ml**

Essential Oil Lavander Rosin Wax

The soft and delicate essence of Lavender with soothing properties for the skin as well as for the senses; makes this oily texture wax a true relaxation epilation at all levels. Ideal for delicate, sensitive skin or first time epilation and people with stress and anxiety.

Ref: VCDELV400 / **400 ml**
Ref: VCDELV800 / **800 ml**

Pearl Rosin Wax

Its superior grip on the hair as well as its extraordinary softness and creaminess make this wax a classic of DEPILÈVE. Formulated with Titanium Dioxide that acts as a protective barrier between the hair and the skin, making the removal very smooth and soft with the skin.

Ref: VCDEPE400 / **400 ml**
Ref: VCDEPE800 / **800 ml**

NG FORMULA

NG Natural Wax

Bio-based wax with oily texture made of only natural organic raw materials such as pine rosin and resin derived from soy glycerin; for a more natural and respectful epilation.

Ref: VCRDNN100 / 100 ml

NG Pink Wax

Pink Wax has Titanium Dioxide that provides an opaque, creamy consistency and has anti-inflammatory properties.

Ref: VCRDNR100 / 100 ml

NG Olive Oil Wax

Extra Virgin Spanish Olive Oil provides a liquid texture and thanks to its antioxidant properties and high content in vitamin E soothes and repairs the skin, making it very suitable for dry and tanned skin.

Ref: VCRDNO100 / 100 ml

NG Aloe Vera Wax

Aloe Vera Extract gives a Liquid/Oily texture and provides moisture and freshness to the skin, excellent on skin prone to flaking and burning, powerful skin regenerator.

Ref: VCRDNI100 / 100 ml

NG Cire Bleu Wax

Titanium Dioxide provides this wax with its creamy consistency and anti-inflammatory properties, Mica adds an elegant pearly touch that softens the skin.

Ref: VCRDNBL10 / 100 ml

NG Bronze Wax

Characterized by its metallic bronze color, this wax formula is oily texture and contains Salicylic Acid for quick, comfortable removal of men's hair and Ginseng Oil that helps to revitalize and repair the skin.

Ref: VCRDNB100 / 100 ml

NG Karité Wax

Shea Butter protects and nourishes the skin due to its healing, restructuring and softening capabilities. This wax has an opaque, creamy consistency and anti-inflammatory properties.

Ref: VCRDNK100 / 100 ml

NG Chocolate Wax

The Cocoa Extract is rich in vitamin E, which acts as a powerful antioxidant, this creamy, emollient and moisturizing wax and its aroma produces a feeling of well-being.

Ref: VCRDNC100 / 100 ml

PINE ROSIN

Natural Pine Rosin

Liquid/oily texture thanks to its bio-based pine resin, recommended for those looking for a natural hair removal that respects the skin and the environment.

Ref: VCRDIN100 / 100 ml

Pink Rosin

Creamy texture with Titanium Dioxide, acts as a protective barrier between the hair and the skin, making the removal very smooth and soft.

Ref: VCRDIR100 / 100 ml

Crystal Marine Rosin Free Wax

Crystal Marine is a non-colophony strip wax in roll-on cartridge. Fluid in texture, specially formulated from mineral rosin, suitable for skins sensitive to colophony. Unscented crystal blue color.

Ref: VCRDIG100 / 100 ml

Aloe Vera Rosin

A oily texture that is very refreshing and fluid formula due to the oily extract of Aloe Vera; known for its soothing, moisturizing and regenerating properties.

Ref: VCRDIA100 / 100 ml

Bush Tea Wax

Wax with a smooth and creamy consistency that is easy to apply and, thanks to its star ingredient, the Roiboos extract; high antioxidant properties to soothe skin.

Ref: VCRDIRB10 / 100 ml

Wine Wax

This wax has a oily texture and provides natural antioxidants contained in the grape seed extract, providing a "gourmet" epilation experience at the same time, smooth skin and free from irritation.

Ref: VCRDIVI10 / 100 ml

Champagne Rose Wax

With a very delicate perfume and color Champagne Rose with its fine and fluid texture evokes a feeling of luxury and well-being, for a more cared, rejuvenated and sensual skin.

Ref: VCRDICH10 / 100 ml

Black Confort Wax

Characterized by its elegant color this versatile wax of creamy texture with maximum adherence to the hair and a gentle touch on the skin. Effective and gentle on the skin and the environment.

Ref: VCRDCB100 / 100 ml

WHAT'S THE MAIN DIFFERENCE BETWEEN PINE ROSIN & NG?

- a The main ingredient in the Pine Rosin formula is COLOPHONY, with NG formula we only use ROSIN DERIVATIVES which make them more stable to temperature changes.
- b They have different melting points, and depending on the climate or skin type of each region, we recommend one or the other.

BEFORE AND AFTER
HAIR REMOVAL

PRE WAXING

Dermobalance

A dual-action pre-epilation cosmetic specifically formulated for film and traditional waxes to sanitize, hydrate and condition the skin before hair removal.

Ref: VEDEDB22N / 220 ml

Pre Base

Pre - Base is a hydrating, cooling and toning gel. Enables skin permeability and creates a protective barrier between the wax and the skin to extract the hair safely minimizing excessive skin traction during epilation.

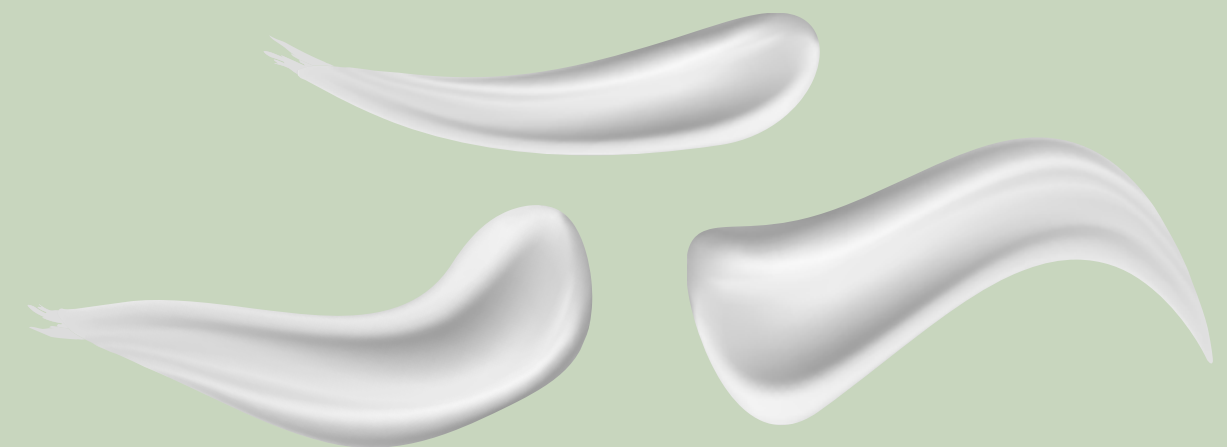

Ref: VEDGPB20N / 200 ml
Ref: VEDGPB50N / 500 ml

Pre Waxing Oil

This dry oil is specifically formulated to prepare and condition very dry skin for an effective epilation. It creates a protective barrier between the wax and the skin to extract the hair safely minimizing excessive skin traction during epilation. Suitable to use before film wax and extreme dry skin.

Ref: VEDEPW220 / 220 ml

POST WAXING

Oil Cleanser

This lightweight oil is specifically formulated to cleanse and moisturize the skin after epilation. It dissolves wax residues and leaves the skin soft and elastic, minimizing the risk of irritation.

Ref: VEDGHO220 / **220 ml**
Ref: VEDGHO350 / **350 ml**
Ref: VEDGHO50U / **500 ml**

Milk Cleanser

Post-epilation emulsion that removes wax residues while deeply moisturizing the skin after epilation. Enriched with calendula and oat extracts.

Ref: VEDGLL20N / **200 ml**
Ref: VEDGLL50N / **500 ml**

Tea Tree Gel

Post-epilation gel with tea tree has a cooling effect to soothe the skin after epilation. In addition, it also helps to hydrate and soften the skin and to constrict the pores dilated by the heat.

Ref: VEDGTT20N / **200 ml**
Ref: VEDGTT50N / **500 ml**

Vitalderm pH Cream

This treatment cream formulated with multiple active ingredients is regarded as a "rescue cream" in post-waxing skincare protocols. It regenerates the skin, enhances elasticity, stops redness and irritation, and prevents follicular infection though balancing the skin pH. Indicated for intimate/delicate areas. No perfume added.

Ref: VEDEV200 / **200 ml**

Soothing Cream

Treatment cream enriched with two key ingredients: Aloe Vera and Zinc Oxide specifically indicated to rapidly take away redness, soothe, regenerate, and avoid post-waxing inflammation in facial and delicate areas. No perfume added.

Ref: VEDGCC20N / **200 ml**

TREATMENTS

INGROWN
HAIR
COSMETIC

Folisan

Formulated with Salicylic acid, FOLISAN is the most effective treatment to prevent ingrown hairs and treat infection and inflammation of the follicles as a result of hair removal either by epilation or shaving.

Ref: VEDEL150 / **150 ml**

HAIR
INHIBITOR
COSMETICS

Folimousse

This formula is based on a phyto-bioactive complex of combined actions that provides a limiting effect on the growth of body hair. It is very soft and light in texture and refreshes the skin; decongesting the skin after epilation while helping to eliminate wax residues.

Ref: VEDEFM190 / **190 ml**

HAIR
INHIBITOR
COSMETICS

Gold Concentrate

Gold Concentrate is a hair-growth inhibitor serum thanks to the proteolytic action of papaya extract present in the formula. Professional version of 12 vials and retail, with a competitive 3 vials version to continue with home care.

Paraffin

MOISTURIZING AND HYDRATION
AT THE HIGHEST LEVEL FOR THE SKIN
ON THE HANDS, FEET AND FACE

a

THERAPEUTIC WARM TREATMENT THAT DEEPLY
MOISTURIZES AND RELIEVES FOR A RELAXING
FEELING OF WELL BEING

b

DEPILÈVE COSMETICS BOOST
HYDRATION DURING THE TREATMENT
AS WELL AS DURING HOME CARE

c

DEPILÈVE paraffin therapy is a deep moisturizing, skin conditioning and wellbeing treatment. It is easy to apply and a great add-on treatment to offer your clients. Paraffin wax treatments trap in heat and moisture, opening the pores creating a mini-sauna effect. The active ingredients in the paraffin assortment and cosmetics reveals

deeply moisturized, super-soft skin and an amazing pampering experience. The full range of products have been specifically developed to complement the therapeutic and wellbeing feeling that provide optimum results with the specialised beauty products.

BOXES

Deep Moisturizing Peach Paraffin

A delicate peach scented paraffin - enriched with avocado oil, rich in vitamins D and E, and Monoi of Tahiti oil. This Paraffin is highly moisturizing and nourishing, providing elasticity and softness to the skin.

Ref: VCDEPM006
2,7 kg Box (6 lbs)

Antioxidant Lavander Essential Oil Paraffin

This therapeutic paraffin is based on the purifying and soothing properties of lavender essential oils. Enriched with hemp oil, which hydrates, nourishes and regenerates, as well as the grape seed oil, which is one of the most powerful antioxidants.

Ref: VCDEPL006
2,7 kg Box (6 lbs)

Energizing Tea Tree Oil Paraffin

Tea Tree Oil has great antiseptic properties and protects as well as refreshes the feet. The ginger and thyme essential oil provides an energizing and stimulating effect stimulating blood circulation. This Paraffin is hydrating and great for tired, heavy legs and feet.

Ref: VCDEPT006
2,7 kg Box (6 lbs)

Soft Bright Paraffin

A unique paraffin treatment that brings intense radiance and deep hydration to the skin. Enriched with 2 unique depigmentation agents - AlphaArbutin and White Mulberry. Decreasing skin pigmentation and reduces the level of melanin in the epidermis by inhibiting tyrosinase.

Ref: VCDEBP006 / 2,7 kg Box (6 lbs)

Milk And Honey Facial Paraffin

Low melting point paraffin specially formulated for facial treatments. Enriched with Milk peptides and Vitamin E for a smoother and deeply moisturized skin. Use as a warm mask with most skin care treatments.

Ref: VCDEPL450 / **450 ml**

Paraffin Soft Cream

Paraffin cream easily applied on hands and feet. Wrap with Osmotic film and use electric heated mittens or booties. Also great for clients that are heat sensitive or during summer when it is too hot for traditional paraffin treatment.

Ref: VEDEPF500 / **450 ml**
